

PROSTAGLANDINS LEUKOTRIENES AND ESSENTIAL FATTY ACIDS

Prostaglandins Leukotrienes and Essential Fatty Acids (1991) 43, 287-290
© Longman Group UK Ltd 1991

Subject Index to Volume 43

A

- β -Adrenoceptor antagonist atenolol, inhibitory effects on the thromboxane system in the kidney of spontaneously hypertensive rats of, 93
- Age, influence on renal prostaglandin synthesis in man of, 191
- Alpha-linolenic acid
 - ischemic myocardial damage in spontaneously hypertensive rats is enhanced after long-term feeding of a diet enriched with, 111
 - in patients with rheumatoid arthritis and systemic lupus erythematosus, 251
- Alzheimer's disease, tin and fatty acids in, 229
- Amnion cell prostaglandin E_2 synthesis, stimulation by a product isolated from activated human granulocytes of, 35
- Anesthesia, thiopental and ether, decrease in prostaglandin receptor density of rat liver following, 25
- Angiotensin II concentrations in anesthetized dogs, effects of prostacyclin analog 15AU81 on, 277
- Anti-inflammatory activity *see under* Inflammation
- Aortic walls of various experimental hypertensive rats, eicosanoid production in, 179
- ARDS (adult respiratory distress syndrome), elevated urinary leukotriene E_4 excretion in patients with, 151
- Aspirin: and relationship between thromboxane and cytosolic calcium modifiers in rat platelets, 17
- Atenolol, inhibitory effects on thromboxane system in kidney of spontaneously hypertensive rats of, 93

B

- Behçet's disease, arachidonic acid metabolites and colchicine in, 257
- Bone, prostaglandin release by normal and osteomyelitic human, 13
- Brain
 - elevation by Δ^1 -tetrahydrocannabinol of prostaglandin E_2 levels in rodents, 185
 - effects of platelet-activating factor analog and antagonist CV-6209 on cultured human glioma cell lines, 103
 - leukotriene C_4 and prostaglandin E_2 activities in the serum and cerebrospinal fluid during acute cerebral ischemia, 247
 - tin and fatty acids in dementia, 229
- Breast cancer cells, human, cytotoxic activity of the aldehyde metabolites of linoleic acid against, 223
- Bronchoconstriction: effects of prostaglandin F_{2a} on the EMG of costal and crural parts of the diaphragm of newborn pigs, 167
- Burns, severe, elevated urinary leukotriene E_4 excretion in patients with, 151

- Buserelin (gonadotropin-releasing hormone analog), changes in thromboxane A_2 generation and plasma lipid pattern in pseudomenopause induced by, 203

C

- Calcium in rat platelets, relationship between modifiers of thromboxane synthesis and of, 17
- Cannabis: elevation of brain prostaglandin E_2 levels in rodents by Δ^1 -tetrahydrocannabinol, 185
- Carotenoids, effect on prostaglandin formation by oral squamous carcinoma cells of, 175
- Casein: and effect of fish oil on low density lipoprotein metabolism in rabbits, 83
- Cerebrospinal fluid levels of leukotriene C_4 and prostaglandin E_2 during acute cerebral ischemia, 247
- Chorioamnionitis and preterm labor: a product of activated human granulocytes stimulates prostaglandin E_2 synthesis in human amnion cells, 35
- Colchicine, effect on prostaglandin E_2 and leukotriene C_4 levels in patients with Behçet's disease of, 257
- Colon
 - effects of protein synthesis inhibition on prostaglandin E_2 production in rabbit colonic explants cultured in vitro, 159
 - see also* Ulcer(s)
- Corpus luteum, arachidonic acid metabolism in, 1
- CV-6209 (platelet-activating factor analog and antagonist), effects on cultured human glioma cell lines of, 103
- Cyclooxygenase
 - in human corpora lutea: dependence on luteal phase and cellular and subcellular distribution, 1
 - inhibitor, influence on uterine glycogen following chronic underfeeding of, 87
- Cytoprotective activity of prostaglandin B_1 oligomers, 63
- Cytotoxic activity against human breast cancer cells of aldehyde metabolites of linoleic acid, 223

D

- Dementia, tin and fatty acids in, 229
- Diabetes mellitus, effect of evening primrose oil supplementation on serum fatty acid and plasma prostaglandin levels in children with, 197
- Diaphragm of newborn pigs, effects of prostaglandin F_{2a} on the EMG of costal and crural parts of, 167
- Diet(ary)
 - alpha-linolenic acid, ischemic myocardial damage in spontaneously hypertensive rats is enhanced after long-term feeding of, 111

- and anti-ulcerogenic and anti-inflammatory actions of fatty acids on gastrointestinal tract, 135
- evening primrose oil, effect on serum fatty acid and plasma prostaglandin levels in children with diabetes mellitus, 197
- n-3 and n-6 fatty acids, effect on tumor necrosis factor- α production and leucine aminopeptidase levels in rat peritoneal macrophages of, 141
- fish oil: effect of Max Epa on low density lipoprotein metabolism in rabbits, 83
- nucleotides and orotate, effect on blood levels of prostacyclin and thromboxane A_2 in weanling rat of, 49
- restriction, influence of indomethacin and nordihydroguaiaretic acid on uterine glycogen following, 87

E

- Embryonic muscle development, E and F_a series prostaglandins in, 77
- Endoperoxide/thromboxane A_2 receptors in platelets of patients with myeloproliferative disorders, 273
- Estrogen
 - and changes in thromboxane A_2 generation and plasma lipid pattern in pseudomenopause induced by buserelin, 203
 - effects in controlling rat uterine prostaglandin F_{2a} during peri-implantation period of, 29
- Evening primrose oil, effect on serum fatty acid and plasma prostaglandin levels in children with diabetes mellitus of, 197

F

- Fatty acid(s)
 - composition
 - in dementia, role of tin and, 229
 - effect of dietary nucleotides and orotate in weanling rat on, 49
 - of gastrointestinal tract, anti-ulcerogenic and anti-inflammatory actions of, 135
 - in patients with rheumatoid arthritis and systemic lupus erythematosus, 251
 - serum levels of, effect of evening primrose oil supplementation in children with diabetes mellitus on, 197
 - Fish oil: effect of Max Epa on low density lipoprotein metabolism in rabbits, 83
- Free radicals
 - effects of two leukotriene B_4 receptor antagonists on LTB $_4$ induced human neutrophil adhesion and superoxide production, 267
 - generation in patients with rheumatoid arthritis and systemic lupus erythematosus, 251

G

- Gamma-linolenic acid
 - effect on growth of normal and tumor cells in vitro of zinc supplementation and, 43
 - effect on serum fatty acid and plasma prostaglandin levels in children with diabetes mellitus of, 197
- Gastrointestinal tract
 - anti-ulcerogenic and anti-inflammatory actions of fatty acids on, 135
 - electrical activity in conscious piglet, influence of prostaglandin E_2 infusion on, 71
- see also Colon; Ulcer(s)
- Glioma cell lines, cultured human, effects of platelet-activating factor analog and antagonist CV-6209 on, 103
- Glycerol-induced acute renal failure in rats, protective effects of iloprost and UK 38485 against, 99
- Glycogen, uterine, influence of indomethacin and nordihydroguaiaretic acid and effect of chronic under-feeding on, 87
- Granulocytes, activated human, stimulation of prostaglandin E_2 synthesis in human amnion cells by a product isolated from, 35

H

Heart

- effects of prostacyclin analog 15AU81 on the cardiovascular and renin-angiotensin systems of anesthetized dogs, 277
- ischemic myocardial damage in spontaneously hypertensive rats is enhanced after long-term feeding of an alpha-linolenic acid enriched diet, 111
- myocardial prostacyclin and thromboxane A_2 synthetase activities during ischemia and reperfusion in isolated rabbit heart, 260

15-Hydroxyeicosatetraenoic acid (15-HETE)

- is main eicosanoid present in mucus of ulcerative proctocolitis, 55
- production by placenta from pregnancies complicated by pregnancy-induced hypertension, 61

Hypertension

- eicosanoid production in aortic walls of various experimental hypertensive rats, 179
- inhibitory effects of beta adrenoceptor antagonist atenolol on the thromboxane system in the kidney of spontaneously hypertensive rats, 93
- ischemic myocardial damage in spontaneously hypertensive rats is enhanced after long-term feeding of an alpha-linolenic acid enriched diet, 111
- pregnancy-induced, increased production of 15-hydroxyeicosatetraenoic acid by placenta from pregnancies complicated by, 61

I

Iloprost

- protective effects against glycerol-induced acute renal failure in rats of, 99
- receptors in rat liver, effect of thiopental and ether anesthesia on density of, 25

Indomethacin

- influence on uterine glycogen following chronic underfeeding, 87
- resistance of eicosanoid production in primary rat hepatocyte cultures to, 119

Inflammation

- anti-inflammatory and anti-ulcerogenic actions of fatty acids on the gastrointestinal tract, 135
- anti-inflammatory activity of n-3 and n-6 fatty acids: effect of diet on tumor necrosis factor- α production and leucine aminopeptidase levels in rat peritoneal macrophages, 141
- anti-inflammatory activity of prostaglandin B_1 oligomers, 63
- elevated urinary leukotriene E_4 excretion in patients with adult respiratory distress syndrome and severe burns, 151
- topical non-steroidal anti-inflammatory drugs in the treatment of inflammatory musculoskeletal disorders, 209

Ischemia

- acute cerebral, leukotriene C_4 and prostaglandin E_2 activities in serum and cerebrospinal fluid during, 247
- myocardial damage in spontaneously hypertensive rats is enhanced after long-term feeding of an alpha-linolenic acid enriched diet, 111
- and reperfusion in isolated rabbit heart, myocardial prostacyclin and thromboxane A_2 synthetase activities during, 260

K

Kidney

- glycerol-induced acute renal failure in rats, protective effects of iloprost and UK 38485 against, 99
- prostaglandin synthesis in man, influence of age on, 191
- thromboxane system in spontaneously hypertensive rats, inhibitory effect of beta adrenoceptor antagonist atenolol on, 93

L

- Leucine aminopeptidase levels and tumor necrosis factor- α production in rat peritoneal macrophages, effect of dietary n-3 and n-6 fatty acids on, 141
- Leukotriene B₄
in mucus of ulcerative proctocolitis, 55
receptor antagonists LY 255283 and SC-41930, effects on LTB₄-induced human neutrophil adhesion and superoxide production of, 267
- Leukotriene C₄
in Behçet's disease, effect of colchicine on, 257
in kidney tissue: protective effects of iloprost and UK 38485 against glycerol-induced acute renal failure in rats, 99
serum and cerebrospinal fluid levels during acute cerebral ischemia, 247
- Leukotriene E₄: elevated urinary excretion in patients with adult respiratory distress syndrome and severe burns, 151
- Linoleic acid
aldehyde metabolites of, cytotoxic activity against human breast cancer cells of, 223
dietary: and relationship between thromboxane and cytosolic calcium modifiers in rat platelets, 17
in patients with rheumatoid arthritis and systemic lupus erythematosus, 251
- Linolenic acid *see* Alpha-linolenic acid; Gamma-linolenic acid
- Lipid peroxidation
and enhancement of ischemic myocardial damage in spontaneously hypertensive rats after long-term feeding of an alpha-linolenic acid enriched diet, 111
in patients with rheumatoid arthritis and systemic lupus erythematosus, 251
- Lipoxygenase
in human corpora lutea: dependence on luteal phase and cellular and subcellular distribution, 1
inhibitor, influence on uterine glycogen following chronic underfeeding of, 87
- Liver
eicosanoid synthesis and degradation in primary rat hepatocyte cultures, 119
prostaglandin receptor density of, effect in rat of thiopental and ether anesthesia on, 25
- Low-density lipoprotein
levels of, in pseudomenopause induced by buserelin, 203
metabolism of, effect of Max Epa on, 83
- Lung(s)
effects of prostacyclin analog 15AU81 on pulmonary circulation in anesthetized dogs, 277
perfused rabbit, thromboxane and prostacyclin production in, 239
see also Respiration
- LY 255283 (Leukotriene B₄ receptor antagonist), effect on LTB₄-induced human neutrophil adhesion and superoxide production of, 267

M

- Macrophages, rat peritoneal, effect of dietary n-3 and n-6 fatty acids on tumor necrosis factor- α production and leucine aminopeptidase levels in, 141
- Max Epa, effect on low-density lipoprotein metabolism in rabbits of, 83
- Menopause: changes in thromboxane A₂ generation and plasma lipid pattern in pseudomenopause induced by buserelin, 203
- Muscle(s)
E and F₂ series prostaglandins in development of, 77
topical non-steroidal anti-inflammatory drugs in the treatment of inflammatory musculoskeletal disorders, 209
- Myeloproliferative disorders, platelet endoperoxide/thromboxane A₂ receptors in patients with, 273

N

- Neutrophil adhesion and superoxide production, human, effects of two leukotriene B₄ antagonists on, 267
- Nifedipine: and relationship between thromboxane and cytosolic calcium modifiers in rat platelets, 17
- Non-steroidal anti-inflammatory drugs, topical: in the treatment of inflammatory musculoskeletal disorders, 209
- Nordihydroguaiaretic acid, influence on uterine glycogen following chronic underfeeding of, 87
- Nucleotides, dietary, effect on blood levels of prostacyclin and thromboxane A₂ in weanling rat of, 49

O

- Orotate, effect on blood levels of prostacyclin and thromboxane A₂ in weanling rat of dietary nucleotides and, 49
- Osteomyelitic human bone, prostaglandin release by, 13
- Ouabain: and relationship between thromboxane and cytosolic calcium modifiers in rat platelets, 17
- Ovarian steroids, effects in controlling rat uterine prostaglandin F_{2 α} during the peri-implantation period of, 29

P

- Placentae from pregnancies complicated by pregnancy-induced hypertension, increased production of 15-hydroxyeicosatetraenoic acid by, 61
- Platelet(s)
endoperoxide/thromboxane A₂ receptors in patients with myeloproliferative disorders, 273
function in pseudomenopause induced by buserelin, 203
thromboxane synthesis, relationship between modifiers of cytosolic calcium and of, 17
- Platelet-activating factor analog and antagonist CV-6209, effects on cultured human glioma cell lines of, 103
- Pregnancy: effects of ovarian steroids in controlling rat uterine prostaglandin F_{2 α} during peri-implantation period, 29
- Pregnancy-induced hypertension, increased production of 15-hydroxyeicosatetraenoic acid by placentae from pregnancies complicated by, 61
- Preterm labor and chorioamnionitis: a product of activated human granulocytes stimulates prostaglandin E₂ synthesis in human amnion cells, 35
- Prostacyclin
analog 15AU81 of, effects on the cardiovascular and renin-angiotensin systems of anesthetized dogs of, 277
blood levels of, effect of dietary nucleotides and orotate in weanling rat on, 49
production
in aortic walls of various experimental hypertensive rats, 179
myocardial, during ischemia and reperfusion in isolated rabbit heart, 260
in normal and osteomyelitic human bone, 13
in perfused rabbit lung, 239
renal, influence of age on, 191
- Prostaglandin B₁ oligomers, mechanism(s) of cytoprotective and anti-inflammatory activity of, 63
- Prostaglandin E series
in developing muscles, 77
in normal and osteomyelitic human bone, 13
in primary rat hepatocyte cultures, 119
receptors in rat liver, effect of thiopental and ether anesthesia on density of, 25
- Prostaglandin E₂
infusion, influence on gastrointestinal electrical activity in conscious piglet of, 71
in kidney tissue: protective effects of iloprost and UK 38485 against glycerol-induced acute renal failure in rats, 99
levels
in Behçet's disease, effect of colchicine on, 257

- in brain of rodents, elevation by Δ^9 -tetrahydrocannabinol of, 185
- and effect of dietary n-3 and n-6 fatty acids on tumor necrosis factor- α production and leucine aminopeptidase levels in rat peritoneal macrophages, 141
- effect of evening primrose oil supplementation in children with diabetes mellitus on, 197
- in serum and cerebrospinal fluid during acute cerebral ischemia, 247
- production
- in human amnion cells, stimulation by a product of activated human granulocytes of, 35
 - by oral squamous carcinoma cells, effect of retinoids and carotenoids on, 175
 - in rabbit colonic explants cultured in vitro, effects of protein synthesis inhibition on, 159
 - renal, influence of age on, 191
- Prostaglandin F_a series: in developing muscles, 77
- 6-keto-Prostaglandin F_{1a}
- in primary rat hepatocyte cultures, 119
 - urinary, influence of age on, 191
- Prostaglandin F_{2a}
- effects on the EMG of costal and crural parts of the diaphragm of newborn pigs of, 167
 - renal production of, influence of age on, 191
 - uterine production of, effects during peri-implantation period of ovarian steroids in control of, 29
- Prostaglandin H_2 /thromboxane A_2 receptors in platelets of patients with myeloproliferative disorders, 273
- Protein synthesis inhibition, effects on prostaglandin E_2 production in rabbit colonic explants cultured in vitro of, 159

R

- Renin-angiotensin and cardiovascular systems of anesthetized dogs, effects of prostacyclin analog 15AU81 on, 277
- Respiration
- effects of prostaglandin F_{2a} on the EMG of costal and crural parts of the diaphragm of newborn pigs, 167
 - elevated urinary leukotriene E_4 excretion in patients with adult respiratory distress syndrome, 151
 - thromboxane and prostacyclin production in the perfused rabbit lung, 239
- Retinoids, effect on prostaglandin formation by oral squamous carcinoma cells of, 175
- Rheumatoid arthritis, reactive oxygen species lipid peroxides and essential fatty acids in patients with, 251

S

- SC-41930 (leukotriene B_4 receptor antagonist), effect on LTB_4 -induced human neutrophil adhesion and superoxide production of, 267
- Squamous carcinoma cells, oral, effect of retinoids and carotenoids on prostaglandin formation by, 175
- Systemic lupus erythematosus, reactive oxygen species lipid peroxides and essential fatty acids in patients with, 251

T

- Δ^9 -Tetrahydrocannabinol, elevation of brain prostaglandin E_2 levels in rodents by, 185

U

- UK 38485 (thromboxane synthetase inhibitor), protective effects against glycerol-induced acute renal failure in rats of, 99
- Ulcer(s)
- anti-ulcerogenic and anti-inflammatory actions of fatty acids on the gastrointestinal tract, 135
- 15-hydroxyeicosatetraenoic acid is the main eicosanoid present in mucus of ulcerative proctocolitis, 55
- Uterus (uterine)
- glycogen, influence of indomethacin and nordihydroguaiaretic acid and effect of chronic underfeeding on, 87
 - prostaglandin F_{2a} production during peri-implantation period, effects of ovarian steroids in control of, 29

V

- Vasculitis: arachidonic acid metabolites and colchicine in Behçet's disease, 257
- Vasoconstriction/vasodilation
- effects of prostacyclin analog 15AU81 on the cardiovascular and renin-angiotensin systems of anesthetized pigs, 277
 - inhibitory effects of beta adrenoceptor antagonist atenolol on the thromboxane system in the kidney of spontaneously hypertensive rats, 93

Z

- Zinc supplementation and gamma-linolenic acid, effect on growth of normal and tumor cells in vitro of, 43

- Thromboxane A_2
- blood levels of, effect of dietary nucleotides and orotate in weanling rat on, 49
 - endoperoxide/ TXA_2 receptors in platelets of patients with myeloproliferative disorders, 273
 - in kidney of spontaneously hypertensive rats, inhibitory effects of beta adrenoceptor antagonist atenolol on, 93
- production
- in aortic walls of various experimental hypertensive rats, 179
 - myocardial, during ischemia and reperfusion in isolated rabbit heart, 260
 - in perfused rabbit lung, 239
 - in pseudomenopause induced by buserelin, 203
- Thromboxane B_2
- synthesis in rat platelets, relationship between modifiers of cytosolic calcium and of, 17
 - urinary, influence of age on, 191
- Tin and fatty acids in dementia, 229
- Tumor(s)
- anti-tumoral effects of platelet-activating factor analog and antagonist CV-6209 on cultured human glioma cell lines, 103
 - cell growth in vitro, effect of gamma-linolenic acid and zinc supplementation on, 43
 - cytotoxic activity of the aldehyde metabolites of linoleic acid against human breast cancer cells, 223
 - effect of retinoids and carotenoids on prostaglandin formation by oral squamous carcinoma cells, 175
- Tumor necrosis factor- α production and leucine aminopeptidase levels in rat peritoneal macrophages, effect of dietary n-3 and n-6 fatty acids on, 141
